

Education

Ph.D. in Physics, University of Colorado (2009)
Thesis: “Nanoscale thermal, acoustic, and magnetic dynamics probed with soft x-ray light”
Thesis advisors: Margaret Murnane and Henry Kapteyn
B.S. in Engineering Physics, Colorado School of Mines (2003)

Professional Experience

Professor of Physics and Astronomy, University of Denver, 2020-present
Associate Professor of Physics and Astronomy, University of Denver, 2016-2020
Director, DU Undergraduate Research Center, Jan. 2018 – Sept. 2019
Assistant Professor of Physics and Astronomy, University of Denver, 2010-2016
Postdoctoral research associate at NIST/JILA (Advisor: Steven Cundiff), 2009-2010
Ph.D Research Assistant, JILA/Physics, University of Colorado, 2003-2009
Undergraduate Research Assistant, Colorado School of Mines (CSM), 2002
Undergraduate Teaching Assistant, Colorado School of Mines (CSM), 2001-2003

Awards

Excellence in Teaching award, DU College of Natural Sciences & Mathematics 2021
Excellence in Research award, DU College of Natural Sciences & Mathematics 2019
W. M. Keck Foundation, Science and Engineering Research Grant Award, 2019
Finalist for Outstanding SPS Chapter Advisor Award (SPS national), 2019
National SPS outreach Blake Lilly Award, 2015, 2018 (Faculty mentor)
NSF CAREER award, 2016
Fulbright Fellowship to Argentina, 2016
Franklin Research Grant from the American Philosophical Society, 2016
Outstanding Junior Faculty award, DU College of Natural Sciences & Mathematics 2015
Outstanding Faculty Service award, DU College of Natural Sciences & Mathematics 2014
American Chemical Society, Petroleum Research Fund, “Doctoral New Investigator” Sept. 2012
University of Denver collaborative equipment grant, Dec. 2010, 2012
National Research Council Postdoctoral Research Associate, 2010
Distinguished Physics Graduate, Colorado School of Mines, 2003
Eugene McMahon and President’s Academic Scholarship, and Honor Roll CSM, 1999-2003

Teaching and Outreach Experience at DU

Coordinated Society of Physics Students outreach, hands-on small-group demos, 2011-present
On-campus outreach: interacted with > 4,000 students from K-12 Denver schools
Off-campus outreach at Elitch Gardens, pro hockey games, and more for > 5,000 people
Hosted high school intern through Denver’s JumpStart program, summer 2013, 2014
Diverse teaching experience at DU, 2010-present
1st year courses: First-year seminar, University Physics I and II
Upper-division physics courses: Analytical Mechanics and Thermal Physics
New undergrad/grad service-learning course: Light-Matter Interactions
Graduate courses: Grad Mechanics

Service at DU

Society of Physics Students faculty advisor, 2011-present
Outstanding Chapter 2015, 18, 21; Distinguished Chapter 2013, 16, 17, 19, 20; Notable Chapter 2014
University of Denver Outstanding Student Organization Award 2014
Natural Sciences & Mathematics Faculty Committee, 2017 - 2018
Served on two P&A faculty search committees and mentored young faculty
P&A Undergraduate committee member, Fall 2010-2016, 2017 - present
Chair, P&A Department Undergraduate committee, Fall 2011
Coordinated assessment of undergraduate physics program, Fall 2011-2016
Colloquium organizer, Fall 2011-2016
Natural Sciences & Mathematics Faculty Committee member, Summer 2017 - present
Academic advisor for 19 physics majors from 2010-2019
Supervised undergraduate research for 19 students, including 14 DU-funded student proposals
Served on 25 graduate student committees: comprehensive exam, thesis proposal, MS/PhD thesis

Professional Service

Chair, Ultrafast Optical Phenomena Technical Group of the OSA, 2017 – 2019
Member, APS 4 Corners Section Nominating Committee, 2018
Co-chair, Colorado Ultrafast Photonics Initiative (CUPhI) spring workshop, April 2015
Founding member of the Colorado Ultrafast Photonics Initiative, December 2014 – present
Session chair at American Physical Society 4 Corners Fall Meeting, Oct. 2009, 2012, 2013, 2015
Referee for publications in Nature Nanotechnology, Nature Communications, Physical Review Letters, Optica, Nano Letters, ACS Photonics, Journal of Physical Chemistry Letters, Laser & Photonics Reviews, Optics Letters, Optics Express, Physical Review B, Langmuir, Optical Materials Express, Applied Physics Letters, Journal of Applied Physics, Applied Surface Science, MMM (Magnetism and Magnetic Materials) Conference Proceedings, and Photonics Research, and Photonics Journal
Internal referee of pre-submission articles for NIST, 2009 – 2010
Senior Member of Optica (formerly Optical Society of America), Member of APS

Newsbriefs and general interest pieces highlighting work

“Light with a Twist!” DU Research and Scholarship Matters, Fall 2016.
“Physics With a Twist: Faculty-student team takes a close look at the optics of “twisted light”, DU Newsroom, August 3, 2016.
“Determining the System Hamiltonian with Optical 3-D Spectroscopy”, Optics and Photonics News 24, 50 (2014)
“JILA MONSTR and the Chamber of Secrets”, JILA: Light and Matter, Summer 2011
“The Magnetic Heart of the Matter”, JILA: Light and Matter, Spring 2010
“Ballistic Evidence”, JILA: Light and Matter, Winter 2009
“Heat Goes Ballistic”, Physics Update, Physics Today, July 2008
