

University of Denver, School of Art and Art History
RECORD OF ATTENDANCE AT CULTURAL EVENTS

To encourage broader cultural experience and instill the habit of support for the arts, students enrolled in this course are required to attend three cultural events during this quarter and write about each. Events include art openings, lectures, theater productions, musical performances, poetry readings, etc. (when in doubt, ask your professor). Events can be located on the DU calendar (www.du.edu/calendars) and on websites of various Denver/Boulder institutions. The same 3 events may be used for multiple art classes, but they must occur this quarter. Note that this policy is an exception to the general SAAH rule that art projects/papers may not be submitted for credit to multiple classes.
